skills gratefully encouraged :-)

=====

current wishlist:

Posted by Nic - 2006/01/18 01:57

creative commons mambot/componant for content submission
contacts database with user front end entry
general integration / data-filing help (there's a 3-5,000 page html site this is replacing)
no benefits, just the chance to be a founder member of the netribution: creative ecosystem developer team. :-)
