
Opinions needed for article...

Hi

I am writing a piece on how indie and low budget producers are affected by the changes in tax laws for the film industry and what they think of them. If you have a strong opinion, positive or negative, and are interested in some publicity for your company, latest production, or just want to see your name in lights (or on the web at least), please e-mail your comments to bvwhite_1@yahoo.com

For a summary of the changes please check out:

for those who don't have a Screen International subscription and can't read the article, you could try the overview on Netribution - <http://www.netribution.co.uk/2/content/view/305/182/>

Adam P Davies' in-depth guide to the tax regime should be published shortly.
