Future Shorts is currently looking for partners to expand our network into Belgium. This is an exciting opportunity for someone with a passion for short film to become part of a dynamic global network and a cutting-edge brand.

'TRUE PIONEERS OF PETIT CINEMA' – THE GUARDIAN

Future Shorts is the largest exhibitor and programmer of short films operating in Europe. Each month we select a diverse and innovative arrangement from the best in short film-making. Future Shorts passionately believes in treating short film as a medium in its own right, redefining their role in international screen culture by ensuring that our monthly programme of short films reaches as wide and diverse an audience as possible.

These collections of shorts are shown across 23 venues in the UK (including 10 City Screen cinemas), screening to over two thousand people a month. We also have a rapidly expanding international presence and currently show in Brussels, Paris, Lisbon, Dublin, Moscow, Kiev, Toronto, Budapest, Barcelona and Copenhagen to name but a few cities. Find out more at www.futureshorts.com and www.futurecinema.co.uk.

If you are interested in this opportunity, please send your CV, details of your experience within the film industry and event organisation, along with a brief proposal of what you could bring to the network (and where) to info@futureshorts.com with the title 'Future Shorts Belgium' as soon as possible.

Thanks.
